New graduate students are expected to submit their TQE plan by February 1st, 2019.

To satisfy the TQE requirement, you must take four subjects from the grid found below. Two subjects must be selected from a single Group. The other two subjects must be selected from two other Groups.

TQE plans may be submitted online at: [http://www.eecs.mit.edu/EECSgradrequirements](http://www.eecs.mit.edu/EECSgradrequirements)

If you later need to make changes to your submitted TQE plan, you can print out the form at [http://www.eecs.mit.edu/academics-admissions/graduate-program/graduate-office-materials](http://www.eecs.mit.edu/academics-admissions/graduate-program/graduate-office-materials) and submit it to the Graduate Office, rm. 38-444. Paper change request forms can also be found in the Graduate Office. Changes are accepted prior to Drop Date in spring term 2019.

Note: Students in Area II [CS] select subjects from Group 1, 2, 3 only (shaded boxes)
- 6.840 or 6.854 are recommended for students who plan to take only one subject in Group 2.
- For students with a strong background in the area, 6.841 may be substituted for 6.840- submit dept petition.
- 6.839 can be used as the second AI subject, but not the only subject.
- 6.831 will no longer be offered starting fall term 2018.

Once you enter your TQE plan into the website, your graduate counselor will approve your submission online or offer other suggestions. Once agreed upon by you and your graduate counselor, your TQE plan will be recorded by the Graduate Office.
