Application for Departmental "Bridge" Funding

The EECS Department has a very limited amount of funding for graduate students. This funding is made available to continuing students who run into financial difficulty due to circumstances which are beyond their control. These funds are intended to 'bridge' a gap in RA/TA funding and are awarded for one term only. They are not renewable.

If you are applying for 'bridge' funding, please complete the form below and send it to:

Prof. Leslie Kolodziejcki: leskolo@mit.edu

Janet Fischer: jfischer@mit.edu

and Kathleen McCoy: mccoy_k@mit.edu in the EECS Graduate Office.
